O R D E R

On May 12, 1982, Orchard Grass Sanitation, Inc., ("Orchard Grass") filed a motion to require the Commission's staff and all intervenors to prefile interrogatories outlining the information they expect to elicit at the rehearing scheduled for May 25, 1982.

The Commission's Order of March 11, 1982, clearly delineated the issues of depreciation expense on plant-in-service and interest expense on advances from associated companies as the only issues to be considered upon rehearing. Orchard Grass has evidenced its understanding of the two issues by prefiling testimony and responding to a Commission information request. The burden of proof with respect to these issues rests with Orchard Grass pursuant to KRS 278.430.

The Commission, having considered the motion of Orchard Grass and the evidence of record, and being advised, is of the opinion and finds that Orchard Grass has failed to demonstrate its need for the extraordinary relief requested in its motion.

IT IS THEREFORE ORDERED that the motion of Orchard Grass be and hereby is denied.

Done at Frankfort, Kentucky this 25th day of May, 1982.
